Implementation Meeting – Rural Infrastructure Development Projects (RIDP) Under MGNREGA

Date: 22/08/2014

The Second meeting for Rural Infrastructure Development Projects (**RIDP**) under MGNREGA held on 22nd August, 2014 at 11:00 A.M at the A-0, Conference Hall, Gujarat Technological University, Chandkheda campus, Ahmedabad. The core agendas of the meeting were Methodology for the selection of the village under MGNREGA, Forming strategy for liasioning with respective authority, Scope of the student's work, forming guidelines for students and nodal officers and Work action plan for current semester.

The meeting was chaired by Hon'ble I/C Registrar Dr. G. P. Vadodaria. Shri Girish Rathod, Asst. Commissioner- MGNREGA, Prof. (DR.) Indrajit Patel, Hon'ble Director - RIDP, GTU, Shri Pankaj Kamliya, State Program officer- MGNREGA, 42 Nodal officers from various institute, Ms. Darshana Chauhan, OSD and Mrs. Jagruti Shah, Project Coordinator remain present for the meeting.

Dr. G. P. Vadodaria welcomed all the invitees & Nodal officers. He thanked all for their participation in RIDP under MGNREGA. He briefed all for the initiatives taken up by GTU particularly in Civil engineering fields. He informed on upcoming seminars on Smart city & Advance system of Transportation – Bullet Train. He informed to participate in such type of learning exercise to understand advance research going in particular field. He also briefed about MGNREGA scheme to all the nodal officers. He thanked all invitees for their support to such a projects as MGNREGA will provide real site experience platform to the students.

Prof. (Dr.) Indrajit Patel, Hon'ble Director, RIDP under MGNREGA. All the core objectives of MGNREGA with the scope of the student's work explained by him. He gave various suggestions to improve the quality of civil work which is prime focus of this projects. He

informed the Nodal officers for the various works which will be under taken by the students as the part of village development. He thanked Hon'ble Vice chancellor and the Registrar for the constant support and motivation for this kind of project which can become great experience for the students to get real world experience along with society development.

Shri Pankaj Kamliya, State Program Officer, MGNREGA, Gujarat explained all the parameters as per the agendas of meeting. He briefed about MGNREGA websites, the various contents included in websites, what are the different useful data's & reports available on website & all other function by MGNREGA team.

He explained about block (Taluka) selection process for different team of students. There are major three parameters based on that block selection process is possible.

- i. Household Employee availability**
- ii. Works availability**
- iii. Expenditure details**

From these three parameters, Nodal officers can work out about the projects works are these or not for the students.

Shri Girish Rathod, Assistant Commissioner, MGNREGA, Gujarat briefed that there are 223 blocks across Gujarat where projects under MGNREGA are implemented. They also briefed about micro planning process under MGNREGA. Social audit aspect makes MGNREGA transparent & accountable projects. The various guidelines for the civil works is available on following link:

<http://www.ruraldev.gujarat.gov.in/nrega%20Guidelines.html>

They informed all the nodal officers to design 8-10 technical parameters on which students can work throughout the year & it can become measuring parameters to team MGNREGA too. Block allotment will play key role in this projects.

Dr. Indrajit Patel taken suggestions from the invitees for all the technical parameters. He also invited various suggestions from the nodal officers to design guidelines for the MGNREGA. Nodal officers asked their various difficulties & queries for this project. Dr. Indrajit Patel, Shri Girish Rathod & Shri Pankaj Kamliya suggested various solutions for the same.

The various guidelines which are concluded at the end of the meeting is as follow:

- All the nodal officer will submit their student’s database by 28th Aug-14 as per the format given by Mrs. Jagruti Shah

Sr. No.	Institute	Degree/ Diploma	Nodal Officer	Contact No.	Email ID	Students Name	Enroll No.	Block allotted	Contact No. of the student	Email	Remarks
---------	-----------	-----------------	---------------	-------------	----------	---------------	------------	----------------	----------------------------	-------	---------

- The group of the students should be design as follow:

**2 Degree + 3 Diploma for (5 - 7 Villages in One Block),
Remain villages of the same block can be distributed to other group.**

- In any case, if only Degree or Diploma Institutes is only there in district, They can design their group as follow:

**4 Diploma for (5-7 Villages in One Block) or
3 Degree for (5-7 Villages in One Block)**

Remain villages of the block can be allotted to other group. In this way, Nodal officers can cover whole block.

- Block allotment will be done on the basis of three parameters:

Employment details (No. of Job card Issued)

Work selection (No. of Work going on)

**Expenditure details
(Anticipated Expenditure/Expenditure in Pipeline of Current Year)**

- Kindly follow the link to select block:
http://nregalndc.nic.in/netnrega/homestciti.aspx?state_code=11&state_name=GUJARAT
- Individual I-card for all the students who will work for MGNREGA will be design, so that block development officer, Director - DRDA & other authority identity GTU students working on site.
- All the students & Nodal officer should meet Taluka Development officer to initiate the project & gather all information about various work going in villages, with complete data base.
- All the nodal officer should select block nearby their respective Institutes so that students can visit the site often.
- The work action plan will be design by Ms. Darshana Chauhan & Mrs. Jagruti Shah as per the directions of Dr. Indrajit Patel by this week, so that students can start their work by 1st September, 2014.
- Terms of references with all technical parameters will be design to limit the scope of work done by students throughout the year.

- This Project will consider as IDP, students group will design different project proposal to present their idea for village development with necessary changes in existing project.

For Example, if they are working on the site of pond development, they can design the same project with their concept & vision.

- Monthly process report will be submitted to Mrs. Jagruti Shah as per the format given by her to inspect work done under the project.
- The overall work done at the end of the semester with defined proposals will be submitted for external exam purpose and to MGNREGA Authority as per the format given by Mrs. Jagruti along with GTU rules and regulation.
- The various guidelines for the civil works under MGNREGA is available on following link:

<http://www.ruraldev.gujarat.gov.in/nrega%20Guidelines.html>

- Ms. Darshana Chauhan and Ms. Jagruti Shah will also take care to design web portal with the help of Shri Pankaj Kamliya and IT Experts from GTU for database of the students and inspecting the work done by them.

The Meeting ended with thanks to the Chair.

On behalf of GTU
Prof. (Dr.) Indrajit Patel
Mrs. Jagruti Shah
Ms. Darshana Chauhan
